

## **Herd Manager at Hillside Dairy, LLC**

### **Fabius, NY**

Hillside Dairy is seeking a herd manager to join a 100-cow organic dairy farm. This is a hands-on leadership role where you will manage herd health, oversee farm operations, and ensure the highest standards of care and productivity.

#### **Key Responsibilities:**

- Oversee herd health, including feeding, breeding, and milking.
- Manage and maintain robotic milking systems to optimize productivity.
- Oversee and manage pasture rotations and implement sustainable grazing practices.
- Ensure the upkeep of farm equipment and farm facilities.

#### **Qualifications:**

- At least 1 year of dairy farm experience (organic preferred but not required).
- Ability to take initiative and prioritize tasks independently to meet farm goals.
- Strong knowledge of dairy operations and farm equipment.
- Commitment to sustainability and high-quality dairy production.

**Compensation:** Based on experience with opportunities for growth.

This is a great opportunity for someone passionate about organic dairy farming and looking for a hands-on, rewarding role.

Send your resume and a brief introduction detailing your farming experience to Julie at **Richardson.hillside@gmail.com**. We look forward to hearing from you!
