

MARCAT

DAIRY PEOPLE

At Marcat we specialize in dairy job placements. We offer you the opportunity to experience New Zealand dairy farming to increase your dairy knowledge and develop your dairy career.

NEW ZEALAND

New Zealand dairy farmers are world renown for their efficiencies, quality milk production and pasture management. There are as many cows in New Zealand as there are people and dairy is one of our most important industries. New Zealand is a beautiful, safe and exciting place to visit.

INTERNSHIPS

We offer placements for a minimum of seven months, between **July and February**. Over this period you will experience the highs of the dairy season – calving and mating. Many students and graduates from all over the world have benefitted from placements with our excellent employers.

APPLY NOW!

By choosing dairy farming as your career, you are developing valuable skills that are in global demand. If you are passionate about dairy farming and are looking for an international career adventure -

apply to Marcat now!
